C2 Contractors, LLC is a 27 year old company with three primary business concentrations. First, C2 can expertly handle all of your commercial data communication needs. Whether your need is new cabling installation, moves, additions/changes or to certify an existing cabling system, C2 can provide a professional design and/or install at a competitive cost. Second, C2 is an Unlimited General Contractor - commercial and residential - with a track record of delivering projects ahead of schedule and within budget. Third, C2 has the ability to provide construction materials, specifically ductile iron piping, and office furniture at competitive prices.

Renowned for our unwavering commitment to excellence in every project, our skilled team of professionals and innovative approaches consistently exceed client expectations. C2 prides itself on maintaining long-term partnerships with our clients and has established an extensive and successful performance history of providing outstanding customer service to businesses and governmental clients locally and nationally.

PRODUCT DISTRIBUTOR

OFFICE FURNITURE/INTERIOR DESIGN

C2 provides interior design services and office furniture in North Carolina and beyond. We offer products from world-class manufacturers like HON and Fellowes.

C2 provides a wide spectrum of computer-aided design and technical services to our clients. We also provide a full range of other services, including project management, move/asset management, repair and refurbishment, delivery and installation, and brokerage and liquidation.

DUCTILE IRON PIPE

According to industry research, the global ductile iron pipe market was estimated at a value of $8.3 billion in 2022 and is likely to attain $13.6 billion by 2031.

C2 is well positioned to take advantage of these growth projections by establishing strategic partnerships with experienced suppliers as well as assisting Tier 1 contractors to meet and exceed their HUB participation goals. Our manufacturing/supplier partners include companies such as Furgeson, McWane, Fortiline and Lee Supply.

FABRICATED STEEL

The United States is the largest market for structural steel fabrication in North America. According to Mordor Intelligence, the North American Structural Steel Fabrication Market size is expected to grow from $47.32B in 2023 to $62.81B by 2028.

With the above-mentioned tailwinds, C2 has established a partnership with Engineered Steel to assist customers meet their HUB participation goals as well as contractors as they respond to request for proposals.

GLASS/WINDOWS

C2 has partnered with Carolina Classic Windows & Glass to provide glass and glazing services for clients to help them meet their HUB participation goals.

Examples of our glass/glazing services offered to the construction industry include Storefront, Curtainwall, Windows, and Specialty Glazing. We inspect, report, and water test our systems throughout the install process to make sure systems are watertight. Our manufacturing/supplier partners include Efco, Kawneer, Tubelite, and Old-Castle.

TECHNOLOGY CABLING/SURVEILLANCE/ACCESS CONTROL

C2 can expertly handle all of your commercial data communication needs. Whether your need is new cabling installation or to certify an existing cabling system, C2 can provide a professional design and/or install at a competitive cost.

Examples of our services include the following: structured cabling installation for data, voice, cameras/ surveillance and access control; infrastructure design; fiber optic installation; VoIP; equipment distribution/ installation; regional/local rollouts; premise cable solution design; and cable plant documentation.
