

At C2 Contractors, we are proud of our long-standing commitment to supporting affordable housing solutions in the communities we serve. For years, we've helped families achieve homeownership by offering a range of cost-effective options, starting with affordable stick-built single-family homes, and including quality single-wide and double-wide manufactured homes. Our approach balances affordability with durability and livability—ensuring that every home we build meets high standards while remaining within reach for working families. At C2, we believe everyone deserves a place to call home.

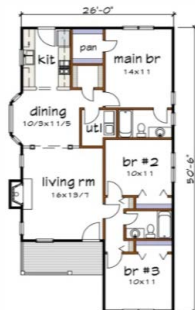

Plan #1

To make a difference through:

1. Our drive to solve affordable housing issues in new and existing markets
2. Our relentless focus on excellence in operations
3. Our aligned creativity and experimentation to reach for new solutions
4. Our dedication to the success of the members of the Cavco team

At C2 Contractors LLC, we believe everyone deserves the joy of moving into a home that feels brand new. Our Affordable Housing Rehabilitation program transforms single-family homes through complete, high-quality renovations—from top to bottom. We don't just repair houses; we reimagine them, ensuring modern finishes, updated systems, and thoughtful details that give new homeowners the same pride and comfort as buying a newly built home. With C2 Contractors, affordable doesn't mean compromising on quality—it means building brighter futures, one home at a time.
